City Personnel Participate in local MDA drive

Strategic Planning & Marketing Director, Nick Harwell is placed in locked down status in order to raise additional monies for his bail bond of \$3,200.00. Although Harwell did not achieve the goal established by MDA he said, *"MDA is a proven organization that I grew up watching on T.V. as a kid and felt compelled to participate in as an adult."*

Lake City's Natural Gas Supervisor, Charles Turner pictured here as being "INNOCENT" raised \$722.00 for the local MDA agency and was glad to do so according to Mr. Turner. *"Growing up I was a fan of Jerry Lewis and seeing as Mr. Lewis did the need for an organization to address the needs of those effected by this terrible disease, I have always wanted to support this cause in whatever way possible."*

Lake City Fire Fighters take a break from the action to take a quick photo with MDA District Director, Brittany Laura and John Stone who was afforded the opportunity to go to MDA camp this year. Lieutenant Don Wilson pictured here to the right said, *"Having been with the Fire Department for a number of years, we get to see the MDA money at work by seeing local kids attend MDA camps."*

City Clerk Audrey Sikes, behind bars for the cause. *"I was honored to participate in this worthwhile event."*

Other City Staff participating but not pictured:

- ◆ Michele Greene
- ◆ Karen Nelmes
- ◆ Faye Williams
- ◆ Gerald Ford
