

The City of Lake City, Florida (City) is updating its Disadvantaged Business Enterprise Program's Goal and Methodology for FAA-Funded Airport Projects at the Lake City Gateway Airport (see below for a link to the Draft for FY 2018 - 2020).

<https://jaxpassero.sharefile.com/d-s0eab5a9d55647cdb>

The City invites you to provide comments concerning the availability of disadvantaged and non-disadvantaged businesses, the effects of discrimination on opportunities for DBEs, and the City's efforts to establish a level playing field for the participation of DBEs.

A notice was published in the Lake City Reporter on February 15, 2018 informing the public that the draft update of the DBE Program goals and methodology will be available for public inspection on our website, <http://www.lcfla.com>, and at the City Clerk's office during normal business hours, for a period of thirty days. Written comments from the public will be accepted during that time.

If you would like to meet or speak to me directly, please do so. If possible, please submit any comments you have in writing prior to publication or by March 18, 2018. All written comments received by that deadline will be discussed in the final draft submission to the FAA.

Thank you.

Laurette Burks
