The Board of Adjustment shall have the power to authorize, upon appeal, such variance from the terms of the Land Development Regulations as will not be contrary to the public interest where, owing to special conditions, a literal enforcement of the provisions of these land development regulations will result in unnecessary and undue hardship.

In granting any variance to the provisions of Article 4 of these land development regulations, the Board of Adjustment may prescribe appropriate conditions and safeguards in conformity with such regulations, including but not limited to, reasonable time limits within which the action for which variance is requested shall be begun or completed, or both. Violation of such conditions and safeguards, when made a part of the terms under which the variance is granted, shall be deemed a violation of these land development regulations.

Under no circumstances shall the Board of Adjustment grant a variance to permit a use not permitted under the terms of the Land Development Regulations in the Zoning District involved, or any use expressly or by implication prohibited by the terms of the Land Development Regulations in the Zoning District. No nonconforming use of neighboring lands, structures, or buildings in the same Zoning District and no permitted use of lands, structures, or buildings in other Zoning Districts shall be considered grounds for the authorization of a variance.

The Board of Adjustment requires that the applicant or representative be present at the public hearing to address and answer any questions the Board may have during the public hearing. The application may be continued to future dates if the applicant or representative is not present at the hearing.

If the property is not properly posted until all public hearings before the Board of Adjustment are completed, the Board reserves the right to continue such public hearing until such time as the property can be property posted for the required period of time.
